

BUSINESSES NOW HAVE CUTTING EDGE RESOURCE TO STAY CURRENT WITH INTERNATIONAL ACCOUNTING

Acumen Global Training, LLC Launches with World-Class Faculty Offering Customized, On-Site Events Focusing on Key Topics, Including IFRS, Corporate Governance and Fraud

Boerne, TX (February X, 2010) – Leading accounting and consulting specialists are now providing sophisticated businesses around the world with on-site, customized training events focused on pressing domestic and international accounting topics. The service is being provided by the newly launched **Acumen Global Training, LLC** (www.AcumenGlobalTraining.com).

Acumen Global Training events cover, but are not limited to, IFRS, US GAAP, XBRL, IPSAS, Audit, Corporate Governance, Fraud and Strategic Cost. Businesses can arrange to have the events customized by content, industry, level of detail and specific trainee needs, and they can occur wherever and whenever the business chooses.

“With the ever changing world of global accounting, never has it been so important to be current with the latest updates and pronouncements” said Bobbe Barnes, Managing Director of Acumen Global Training. “Our faculty has the education and practical experience to design and deliver training courses and consultancy services that meet businesses’ unique needs.”

Acumen Global faculty members come from academe, industry and best-of-breed accounting and consulting firms such as the New York based Marks Paneth & Shron, Granite Consulting Group, Canada based Lempert Consulting and Europe based Cethys.

About Acumen Global Training

Acumen Global Training offers a wide range of technical accounting topics, delivered globally as on-site training courses or in the form of consultancy. All Acumen Global courses are tailored by level, content and industry to meet the clients’ exacting needs. All Acumen Global training courses are recognized by the National Association of State Boards of Accountancy (NASBA) for continuing education credits. The Acumen Global team includes a group of extraordinary faculty members with broad backgrounds and many years of experience in IFRS, USGAAP, Auditing, and so many more topics.
